

# WORKING WITH LOC

LOC is a specialist client-side consultancy that partners with private and public sector organisations to successfully deliver complex programmes. We have grown rapidly, doubling in size in each of the last three years.

We pride ourselves on providing independent, skilled and experienced delivery capability for our clients. We take an intuitive approach when working with our clients to engender a delivery culture and a focus on business priorities.

LOC employ dynamic, innovative consultants who specialise in change management and programme delivery, drawing on a wealth of knowledge and experience to ensure the highest quality of service.

As we continue to develop and grow, we are looking for both Permanent and Associate Consultants keen for a new challenge and motivated to succeed in an environment where it is possible to really make a difference.

## Associate Roles: do you have what it takes to be a LOC Associate?

Constant client demand means that we are currently looking for a number of Associates with solid Public or Private consulting experience to help us deliver some exciting new consulting assignments.

Ideal Associates will:

- be experienced, confident, personable and self-motivated
- have a track record of being dedicated to deliver exceptional client service
- represent the LOC brand with pride
- be interested in helping us deliver and shape our sales and business development activity, for which you will be rewarded
- be flexible – we have roles throughout the UK varying from 3-4 weeks to over 12 months, rates are negotiable depending on the tenure of the role, the client and your experience.
- be a specialist programme or project manager / business analyst / PMO specialist / test manager / BPM specialist / CRM specialist / technical architect / change manager

Our Associate recruitment involves joining our Associate network and attending interviews for specific roles. We hold regular networking events for all existing and potential future Associates ensuring that our Associates are integrated as part of the LOC team.
